

If used in this report, the term “the Company” is in reference to The Lood Company, and its associates, unless the context clearly indicates otherwise.

Summary

It’s been a long time! This July report will be the last because we are moving into a new phase of development. The past few months have been loaded with good news. You can now exchange LOOD on [BankCEX](#), [MintMe](#) and [Uniswap V3](#) with our latest price being [reported on Nomics](#) since June 7th.

Special shoutout to MintMe where we are hosting our first real airdrop. The reward is 100 LOOD to anyone participating in our retweet campaign. [Check out this tweet](#) if you might be interested!

In other news, we are preparing for the release of a free DLC for [Triple X Tycoon](#) followed by preliminary work for a TBA adult VR game we hope to announce by the next report.

Note: Some +/- numbers are left uncalculated in this report due to the changing format.
